Heavy Toll From Serbia.

[By Associated Press.]

London, Nov. 9.—Infantry activities have been renewed in the vicinity of Loos in France and violent bombardments have occurred near Beauvraignes, while there is spirited artillery firing in Champagne.

Premier Skouloudis of Greece is quoted as declaring the Greek Chamber would be dissolved unless it supports the new Greek Cabinet.

It is hinted that Italy may aid Serbia indirectly by sending troops to Albania to meet the threatened Bulgarian invasion of that country, according to Roman dispatches.

The reported changes in the Russian Cabinet are partly confirmed by a Petrograd announcement of the retirement of Agricultural Commissioner Krivosheina.

Berlin reports the capture of the main Serbian positions south of Kraljevo.

The central powers and Bulgaria now control about two-thirds of Serbia, but not without weakening their other fronts, as indicated by the Russian advances on the Riga-Dvinsk front.

GREECE ASKS LOAN OF ALLIES.

FRENCH STEAMER SUNK.

[By Associated Press.]
Algiers, Algeria, Nov. 9.—The French steamship Year, formerly the Dacia, which was seized by a French cruiser last February while carrying cotton from the United States to Germany, has been torpedoed and sunk by a German submarine.

The Dacia was sold and renamed by the French prize court.
The passengers and crew were landed safely.

The Dacia formerly belonged to the Hamburg-American Line, but was sold and changed to American registry just before being seized by the French.

EARL KITCHENER'S MISSION.

[By Associated Press.]
Washington, Nov. 9.—Earl Kitchener's ultimate mission is said by confidential information here today to be India, where the British rule is confronted with a more serious state of unrest than has generally been known outside of British official circles.

This information was not subject to censorship. It is said one of the most influential native princes, who was a staunch British supporter and who had been deposed, was Nizam of Hyderabad, bringing to a climax reports of successive mutinies and unrest in India and Egypt.

While Kitchener probably will stop in the Balkan theatre, his ultimate destination is not only India, but Egypt, where the British gateway to Asia is menaced by Tonic successes in the Balkans and where the Turkish and German agents are persistently conducting propaganda among the natives. The last State Department reports from the British base were received more than two months ago, giving details of native mutiny at Singapore, when all the officers and practically all the troops of one British regiment were killed.

GERMANS GOT BIG TOLL.

Berlin, Nov. 9.—Ten heavy guns, forty other cannon and 7,000 Serbian prisoners were captured when the Germans took Krusevac yesterday. South of Krusevac the German advance continues.

Field Marshal von Hindenburg's troops are still fighting desperately with the Russians on the Drinsk front.
